To the Trade

Much attention has been given by us to the growing of plants in containers and we believe that we have about the nicest assortment of quality and variety of container-plants that you will find anywhere.

You will find a new size container offered to the trade this season in many varieties of material in a 2-gallon can size which has proven to be very nice for us and, we believe, for the trade. Our plants in containers compare with field grown material and may be transplanted any month of the year.

This season finds us with a large quantity of plant material in both field grown and container plants. Our seasons have been very good. May we ask that you visit us and compare our quality and prices before you purchase your fall needs.

Your patronage has been the contributing factor in our success and we sincerely solicit your inquiries this fall, we are

SOUTHERN STATES NURSERIES, INC.

Terms and Conditions

TERMS: We offer usual terms to those of known responsibility. Where the purchaser's credit Responsibility is unknown to us, cash is required before shipping, or references must be furnished with proper time for investigation. On all C. O. D. shipments one-fourth cash must accompany your order.

PRICES: All prices listed are F. O. B. our nursery. Packing at cost. We will accept order 5 at the 10 rate, 50 at the 100 rate, 500 at the 1000 rate. Prices listed herein are subject to change without notice, and are made for immediate acceptance. On reserve orders we require a twenty-five per cent deposit.

SHIPPING: Customers are requested to give definite instructions. We ship by Rail, Freight, Motor Freight, Express and Boat lines.

CLAIMS: All claims must be made immediately upon receipt of stock. While we use every means of prompt service, we will not be responsible for delays in transit. Our responsibility ceases upon delivery in good condition to the transportation company.

SUBSTITUTIONS: We never make substitutions on orders unless instructed by the purchaser.

GUARANTEE: We guarantee our stock to be well grown, true to name, properly packed and shipped according to instructions. In no case shall our liability be more than the original invoice.

CAUTION: We accept all orders subject to crop conditions and on condition that same be void if such occurs beyond our control. If you do not find the stock you desire listed, write us and we will get it for you. Many times our quantities will not permit us to list items.

CAMELLIA JAPONICA

Chandleri Elegans, Professor Sargent, Pink Perfection, Prince Eugene Napoleon, Gloire de Nantes, Debutante, Mathotiana Rubra, Gigantea, Herme and Jarvis Red

	per 10	per 100
15-24 inchesgallon cans	\$10.00	\$ 90.00

CAMELLIA SASANQUAS

ANNETTE—Two-tone pink and white variegated. Dense growth, flower petals have crepe-paper like formation.

BUTTERFLY—Flowers large single pink. Wonderful foliage and grower.

CLEOPATRA—Large, beautiful cherry-red flowers and crinkled petals. Foliage glossy and dark green. Vigorous grower yet compact.

MINE-O-YUKI—(Snow on the Mountain) Large, double white flowers resembling a carnation. A profuse bloomer and open growth.

ROSEA—A graceful and upright variety. Dark green foliage with brilliant pink flowers.

SETSUGEKKA—(a great variety of beauty and merit) Large, almost single white flowers with just a touch of pink on petals' ends. Very erect, dark green foliage.

15-24 inchesgallon cans	9.00	75.00

2-3 feet	B&B	17.50	150.00
3-4 feet	B&B	20.00	
4-5 feet	B&B	25.00	

ROSES

All of our roses are budded on Multiflora Japonica root-stock, thrifty and real heavy for number one bushes. All varieties are the old Fashion ones, adapted for the entire Southland.

We use two methods of propagating the Louis Phillippe variety — one for bare-root plants and one for balled plants. Please note prices on both.

LADY HILLINGDON—(Apricot-yellow) Vigorous growth, oblong pointed buds and a profuse bloomer.

LOUIS PHILLIPPE—The South's favorite. Ornamental and blooms early every month in year. Red throughout, fading to dark red in fall. A good grower and bloomer.

CLIMBING LOUIS PHILLIPPE—Same as above except a climbing sport. Introduced by us about five years ago.

CLIMBING MARECHAL NEIL—An old favorite. Yellow, very fragrant and sturdy grower.

CLIMBING PAUL'S SCARLET—Brilliant scarlet, semi-double flowers in large, heavy clusters. A great favorite for fence and trellis design.

PINK MAMON COCHET—Clear pink with long-pointed buds. A good grower and very good for cut flowers.

CLIMBING R. M. HENRIETTA—Deep pink and very good grower. A profusion of cluster blooms.

		per 10	per 100
2-year	No. 1	\$ 7.50	\$ 60.00

Heavy Roses

ROSA ROULETTI—A rock rose. An evergreen, low, compact growth with abundance of rose-pink flowers

LIGUSTRUM

Grafted Ligustrum remains a specialty with us and this season finds us with heavy specimen plants in most all varieties and sizes. Testimonials from our customers is evidence that our quality cannot be excelled.

Grafted Ligustrum are far superior to rooted ones because of their escape from Nematodes (root-knot). The foliage is much darker and glossy, irregular in shape, which gives our Ligustrum added beauty.

LIGUSTRUM LUCIDUM (Bushy Specimens)

		per 10	per 100	per 1000

3-4 feet	10.00	

HOLLIES

Our Hollies are grafted, scions taken from well-fruited specimens. Properly pruned with foliage lying close to ground or either tree shape. By grafting, we produce berries the first year and obtain much nicer foliage. All are young and thrifty, thus enabling us to transplant easily. Large quantities of container and field grown trees in varieties listed below:

ILEX EAST PALATKA (A beautiful Holly with but few thorns and very glossy foliage. Profusion of berries ripening around November 1st. Large and brilliant red berries. Very good for sheared specimens)

			per 10	per 100
2-3	feetgallon cans	\$ 13.50	\$125.00
3-4	feet2-gallon cans	22.50	200.00
4-6	feet5-gallon cans	30.00

4-5	feetB&B	40.00	
5-6	feetB&B	50.00	
6-8	feetB&B	80.00	
8-10	feetB&B	125.00	

Sheared East Palatka

ILEX HOWARDII (A popular variety because it is a very much improved strain of Ilex Opaca (American). Dark green foliage, dark red berries and several thorns to each leaf)

2-3	feet2-gallon cans	20.00	175.00
4-5	feetB&B	40.00	
5-6	feetB&B	50.00	
6-8	feetB&B	80.00	
8-10	feetB&B	125.00	

ILEX OPACA (American) (Light green foliage and very thorny. Grows well as a tree)

3-4	feetB&B	30.00	
4-5	feetB&B	40.00	
5-6	feetB&B	50.00	
6-8	feetB&B	80.00	
8-10	feetB&B	125.00	

NOTE: On 6-8 feet and 8-10 feet Hollies, we strongly recommend Wire-balling. Also, all Shade Trees 8-10 feet and larger. See page 24.

ILEX LOUISE HOLMES (Offered to the trade two years ago by us. An outstanding Holly. Large, glossy, dark green foliage and quite an upright grower. Exceptionally large red berries that ripen about thirty days ahead of other Hollies. Every Nurseryman should have one for display)

Wire Balling

We strongly recommend the use of wire-balls on all larger size shade trees and ornamentals. This has proven to be a safeguard in the transplanting of large trees and shrubs without losing them. By wiring, we can enlarge the regular size ball that is firm.

Double Palm Tree

Prices on wire-balling:

24-inch ball	\$3.00
30-inch ball	3.50
36-inch ball	4.00
48-inch ball	5.00

Spraying

Produces Plant Beauty and Quality

A contributing factor in the making of the quality in our plant material is attributed to this new FOG machine. We have discovered through costly experiments that regular spraying produces quality in plants as well as the freeing of disease and insects. From certain kinds of spray material we have found them to be very vitalizing and at the same time conquerors of destructive scales and diseases.

As you have experienced, spraying in the past has been very expensive and not very thorough in most instances. This new method is very reasonable and does such a thorough job. Enough can be saved in spray materials alone to pay for such an operation in a very short time, not counting anything saved in your labor costs. We would be very happy for you to visit us and show you exactly how this machine operates.
